Healthy School Pantry Program Evaluation (2019-2020)

Food Gatherers partners with schools that have a high rate of students qualifying for free or reduced priced meals to provide families with more fruits and vegetables, and simple, low cost, and nutritious recipes to prepare the distributed foods.

@17 schools in Washtenaw County

Produce box w/ recipes and tips

Client choice

Reaching 1,000 children & 500 families each month

Any family can participate

no application required

Provides parents an easy, less stigmatizing way, with no financial risk, to incorporate more vegetables, and have their kids try new items at home.

Food Gatherers surveyed 115 clients and interviewed 13 clients and 3 staff across 8 school pantries to determine if the Healthy School Pantry Program is meeting an unmet need and benefiting participating families.

Pantry Client Socio-Demographics

Avg. Household Size: 4.2
Income: 75% of clients have incomes $25K or below

School Pantries Reach Food Insecure Families

67% food insecure
33% food secure

School Pantry Usage
33% Only visit school pantries
29% Only visit 1-2 times per year

Positive Pantry Experiences

"I think that the food is always fresh, and it’s always good. And I think that, I wish more people were able to do it....It’s about children eating healthy, and having a better diet."

In 2019, Food Gatherers was selected as a Rooted in Evidence grantee. Established by the Gretchen Swanson Center for Nutrition, this grant program funds eligible food banks working to support innovative and dynamic programming to improve the health and dietary quality of emergency food recipients. Grantees were awarded $20,000 and received technical assistance and evaluation support.
