## ***Thank you for fighting hunger where we live!***

Every year, hundreds of local organizations and individuals host food and fund drives that benefit Food Gatherers. We rely on these donations to fuel our mission to alleviate hunger and end its causes in our community.

Anyone can start a food and/or fund drive and this guide will help you make it a success!

### ***About Hunger***

In Washtenaw County, many of our neighbors struggle with *food insecurity*, which is the lack of access to enough affordable, nutritious food for an active, healthy lifestyle. Hunger exists in every city, township, and zip code in our community and affects children, families, individuals, seniors, and veterans.

Our neighbors often have to make difficult choices between paying bills and having enough to eat. Your drive will help provide a reliable source of healthy food.

### ***About Food Gatherers***

Food Gatherers is the food bank and food rescue program – and the lead anti-hunger agency – serving Washtenaw County. Our mission is to alleviate hunger and eliminate its causes in our community. We do this by connecting valuable food resources to programs that serve those in need.

In FY2023, Food Gatherers distributed 7.8 million pounds of food, the equivalent of 6.5 million meals, through our network of 140+ partner agencies. This is only possible thanks to the support of many volunteers, community partners, and donors.

# Getting Started

## ***Choosing a Food or Fund Drive***

Before you organize a donation drive, decide whether you will be collecting food, funds, or both! With 94% of every donation directly supporting our hunger relief efforts in Washtenaw County, gifts of food and/or funds provide direct relief to children, families, individuals, and seniors.

### ***Food Drive***

Food drives are essential to supporting Food Gatherers' mission. In 2022, food drives raised nearly 200,000 pounds of food to feed our community. Food drives raise awareness of food insecurity and encourage community members to get involved in fighting hunger where we live. Food drives are a great option for individuals, as well as schools, businesses, clubs, faith groups, and more.

### ***Fund Drive***

A fund drive is the most effective way to alleviate hunger in our community. Food Gatherers can make donated dollars go further by purchasing food in bulk to help fill the gaps in high-demand items that are not easily donated, like dairy and meat. Monetary donations also allow us to support our direct service programs and keep our warehouse running.

### ***Both!***

This is our recommendation for engaging the greatest number of community members in the fight against hunger. Donated food keeps our warehouse shelves stocked and donated funds allow us to purchase needed food and to run our programs and warehouse. There are many ways to combine food and fund drives so we encourage you to get creative!

# Food Drives

## Food Drive Questions

For questions about food drives or to schedule a pick-up, contact Food Run Manager Jeff Wells at 734-761-2796.

## ***Make a plan***

Food drives are a great group activity for students, clubs, businesses, neighbors, faith groups, and more! Anyone can host a food drive to benefit Food Gatherers. Here are some steps to help you organize your food drive.

### ***Pick your dates***

Decide how long you want your food drive to be. We recommend at least 2-4 weeks so that people have enough time to bring in their donations but you can also do a “flash” food drive over a weekend or at an event.

### ***Set a goal***

It helps to set a goal that participants can work towards, such as gathering 500 pounds of food or filling three food drive boxes. If you have a business, you can try to fill your lobby, or start a competition with another group or business to see who can collect more food before the deadline.

### ***Register your food drive***

No matter the size or scale of your food drive, please register your food drive [online here](#) or through our website’s Give Food page. Fill out the form with the details of your food drive and indicate whether you need containers (food drive boxes or barrels) and if you would like to schedule a pick-up for the food.

### ***Collecting and dropping-off food***

See our list of Most Needed Food Items below. All donations should be nonperishable, unopened, and unexpired. You can drop off donations at our warehouse at 1 Carrot Way in Ann Arbor, M-F, 9:00 a.m.-4:45 p.m. If you have collected more than 100 pounds of food or have special circumstances, please contact Food Gatherers to arrange a pickup.

### ***Add a fund drive***

Encourage people to donate funds! Donations can be made by cash or check (payable to Food Gatherers) and/or you can set up your own fundraising page at [foodgatherers.org/fundraise](http://foodgatherers.org/fundraise) to collect donations by credit card.
